Committee Reports Heard

Hold Annual Conference L. B. Women's Institute

The 37th annual conference of the Little Bow Constituency was held in the Church of Christ, Vulcan, on June 22 with 75 members signing the register. The theme for the conference was "Unity."

Mrs. J. A. MacQuarrie, Constituency convener of Barons presided with Mrs. Morley Scobie acting as secretary.

The meeting opened with the singing of O Canada. The flag salute and creed were given by Mrs. Martin Gottenberg, the devotional by Mrs. Bruce Roe of Thigh Hill.

The address of welcome was given by Mrs. Mainland of Thigh Hill, replied to by Mrs. Lyon of Barons. Mrs. MacQuarrie extended a welcome to the members and introduced Mrs. Carl Alexander of Cayley, new appointed District Director of District 4.

Minutes of the 1954 Conference were approved. The financial statement was read and accepted.

Mrs. MacQuarrie named her committees. Nominations: Mrs. Brown, Good Deeds, Mrs. Hegland, Champion, Mrs. Meyers, Reid Hill, Resolutions, Mrs. Maisey, Kirkcaldy, Mrs. Irwin, Good Deeds, Mrs. Fred Gottenberg, Thigh Hill, Courtesy, Mrs. McMasters, Good Deeds, Mrs. Munro, Kirkcaldy.

Mrs. Roy Deal of Thigh Hill W.I. presented corsages to Mrs. Alexander, Mrs. MacQuarrie, and Mrs. Scobie from the hostess branches, Thigh Hill and Reid Hill.

Mrs. Sissons of Champion was pianist for morning session for community singing.

Branch reports by secretaries were given as follows: Champion, Mrs. Allison; Good Deeds, Mrs. Denison; Kirkcaldy, Mrs. Scobie; Barons, Mrs. Lyon; Thigh Hill, Mrs. R. Marshall; Reid Hill, Mrs. Myers.

Mrs. Jack Marshall seconded the adoption of these reports. Mrs. MacQuarrie read her convener's report and financial statement. Mrs. Maisey of Kirkcaldy seconded them. The meeting adjourned for

lunch. The conference convened after a hearty dinner served by the Reid Hill and Thigh Hill W.I.s. Mrs. R. Lundgren acted as pianist for the afternoon session and Mrs. Fred Gottenberg as song leader.

Reports of Standing Committees: Agriculture, Miss Ware, Kirkcaldy; Education, Mrs. Dennison, Good Deeds; Health, Mrs. Little, Champion; United Nations, Mrs. A. W. Maisey, Kirkcaldy; Social Services, Mrs. Knutson, Champion; Citizenship, Mrs. Shearer, Barons; Handicraft, Mrs. Lyons, Barons.

A special number by Mrs. Adams and Mrs. McRoberts was greatly

Vulcan-born Girl In Elgar Choir On European Tour

A Vulcan-born girl will travel to Italy, France, Germany, Switzerland, Holland, Denmark, Northern Ireland, Eire and Great Britain this summer as a soloist with the well-known Elgar Choir of Vancouver.

Barbara Munson, 16, is the daughter of Mr. and Mrs. R. W. Munson of Abbotsford, B.C. and the granddaughter of the late Mr. and Mrs. Joe Munson, who were among the early homesteaders of the Reid Hill district. She lived at Vulcan until five years of age and visited here three years ago.

A senior in high school, Barbara has been taking vocal training the past five years. The Elgar Choir, in which she is a soloist, consists of 25 boys and girls between the ages of 10 and 18. Their European tour this summer will take about three months and during it they will enjoy a week's holiday in London, England.

Of interest to Champion and district is the wedding of Mr. and Mrs. Maurice Gendron, which took place in Valleyfield, Quebec, on May 24th. Mrs. Gendron is the daughter of Mr. and Mrs. Abe

Lawson, and received some of her high school education at Champion. Prior to her marriage she was employed at Motor Car Supply in Lethbridge.

1.83 Inches at Vulcan

Heavy Rains Brighten District Crop Picture

Heavy rains fell over most of Southern Alberta this past weekend and, although the moisture spoiled Dominion Day celebrations in many towns, it was very welcome, coming at a critical stage in crop growth.

The rains started falling in most areas early Friday morning and continued intermittently all weekend. In Vulcan, records kept by Errett King, show 1.83 inches of rain in the first four days of this month. At Berrywater, records kept by Dave Sim show 1.61 inches over the weekend.

Coming at this time, the heavy rains assure good crop development for the next two or three weeks at least. Subsoil moisture is plentiful. Crops are later than usual, due to the late seeding season this year. An eight-bushel quota is now in effect at Vulcan and Kirkcaldy but some elevators are already full.

Regular Meeting Ladies Auxiliary

The postponed meeting of the Ladies Auxiliary to the Canadian Legion was held last Wednesday evening in the Legion hall and was very well attended.

Correspondence was light and dealt with routine matters.

Fine and detailed reports of the recent provincial convention, held in Calgary were given by the president, Mrs. Earl Carruthers and by Mrs. S. Degenstein, who had attended as delegates from this branch.

Miss E. A. Lindsay whose application for membership was received at the previous meeting, was duly initiated and welcomed as a new member. One application for membership was received and favorably voted on. This candidate will be notified to be present at the next general meeting.

It was decided that the ladies tea

50th Anniversary Is Celebrated

Sunday, June 19th was a happy day for Mr. and Mrs. Albert Foster of Strathmore on the occasion of their 50th wedding anniversary when six of their eleven children and their families and friends joined together in Vulcan to help them celebrate this memorable day.

At 3 p.m. the C.W.L. ladies of St. Andrew's parish, Vulcan, catered to a delightful dinner to the guests. The main table was centered with a lovely three-tier wedding cake made by Mrs. Ross Best and decorated by Mrs. Neil Garvin. Rev. Father Connelly proposed an appropriate toast to the bride and groom of yesterday. Gordon Foster, on behalf of the family, made the presentation to Mr. and Mrs. A. Foster.

Those present at the home of Mr. and Mrs. Howard Foster for this occasion were: Mr. and Mrs. Albert Foster, Strathmore, Alta.; Mr. and Mrs. A. Fouhy and daughter of Spinney Hill, Sask.; Mr. and Mrs. E. Fouhy, Spinney Hill, Sask.; Mr. and Mrs. Gordon Foster and two sons; Murray Foster of Victoria, B.C.; a friend of the family, Tom Ross of Spinney Hill, Sask.

Those sons and daughters who were unable to attend were Warren Foster of Saskatoon, Sask.; Norman Foster of St. Catharines, Ont.; Edward Foster of Northern B.C.; Mrs. Robert Fouhy of St. Catharines, Ont.; and Mrs. Bill McCormack of Carleton Place, Ont. Telegrams of congratulations were received from those unable to attend.

Lunch was served by a committee.

County of Vulcan Tax Collections Set New Record

All records for early tax collection in the County of Vulcan have been broken this year, Secretary-Treasurer D. D. McQueen reports.

Over \$470,000 of the total levy of approximately \$650,000 had been paid by the end of June, with the phenomenal amount of \$450,000 being received in the month of June alone. Receipts to date amount to over 70 per cent of the total levy, slightly better than the percentage received during the same period last year.

This percentage of taxes paid within a few short weeks after tax notices were mailed out would be considered good in any year and in these days of small wheat quotas and general shortage of ready cash is particularly noteworthy.

Despite present wheat marketing difficulties, farmers of the County are apparently determined to keep their taxes paid up. This situation reflects well on the County as a whole and compares very favorably with other counties and municipalities in the province.

Tribute Paid To School Teachers

The Vulcan Home and School Association entertained the staff of the Vulcan schools at tea, Tuesday afternoon last, in the school lounge. Mrs. S. Manning, president of the Home and School presided at the tea table and was ably assisted by Mrs. L. Richardson, Mrs. N. Dumka and Mrs. Cal Hollister.

Mrs. Manning commented on the happy relationship that exists in Vulcan, between the staff and the Home and School. She also presented Enar Kumlin and Harold Ulmer, principal and vice-principal, who are leaving at the end of the school term, with the new membership pins, in appreciation of their co-operation with the Executive.

Monday evening the Vulcan Choral Society entertained in honor of two of its most prominent and valued members, Mr. Kumlin and Mr. Ulmer, who will shortly be leaving Vulcan.

Prior to the social evening a short business session was held, with Dr. G. H. Gibb presiding. The group decided to present a Nativity Play at Christmas time. It was hoped that a number of the Junior Choir would be interested in this undertaking.

Albert Collier was in charge of a fine program, which was much enjoyed by all present.

"Marjohn" Winner At Lethbridge

The showing, made by Jack Deans' Palomino "Marjohn" at the Lethbridge Exhibition last week shows that the beautiful stallion is following in the footsteps of his sire, Leon Bateman's "Golden Banner," a consistent winner in the Palomino classes.

"Marjohn" was shown at Lethbridge for Mr. Deans by Mr. Bateman and topped his class by taking two firsts and two seconds. He received first prize in the parade or pleasure type, halter class, and in the parade or pleasure type, under saddle.

He was awarded second prize for best colored Palomino in the show and, paired with a horse shown by Mrs. Marino of Lethbridge, was the second prize winner in the riding pairs.

June Births

The following births were recorded at the Vulcan Municipal hospital during the month of June:

June 1, to Mr. and Mrs. Bennie Beringer, Bassano, a daughter.

June 5, to Mr. and Mrs. Fred Markert, Ensign, a son.

June 6, to Mr. and Mrs. Robert Healy, Vulcan, a daughter.

June 9, to Mr. and Mrs. Don Steeves, Champion, a son.

June 15, to Mr. and Mrs. Wes. Cuthforth, Milo, a daughter.

June 17, to Mr. and Mrs. Gerry Going, Vulcan, a son.

June 19, to Mr. and Mrs. Stuart Douglass, Vulcan, a daughter.

June 24, to Mr. and Mrs. Stanley Mainland, Vulcan, a daughter.

June 30, to Mr. and Mrs. James Craig, Arrowwood, a daughter.

Rain Cuts Program

Excellent Parade For Jubilee Celebration

Rain prevented the holding of Vulcan's Dominion Day and Jubilee celebration on July 1, but most of the program planned by the Elks and the Town was successfully run off on Monday.

The Calgary Highlanders Pipe Band had arrived on Friday and, despite the mud, put on a small parade of their own. They were unable to return for the official parade on Monday, which started at 10:30 a.m. from the Armoures, led by a group of mounted riders with Jack Deans on "Marjohn" and Leon Bateman on "Golden Banner" at the head. Other riders, some of whom came from a considerable distance, were Bill McMullen and Bill Marshall and daughter from Buffalo Hills, C. J. Versluys from Champion, Loss Kuykendall, Ross Lyman (as an Indian), Billy and Eobby Allen, Beth Saxby, Lorne Bateman and others whose names were not available.

Tom Lucas and his team of horses were followed by Mayor Dyce Allan and Mrs. Allan, dressed in the fashion of 50 years ago and riding in a buggy. A group of 50-year citizens of Alberta occupied a special float. The Lions Club float was followed by the Legion float, showing servicemen of the past three wars and of all services.

The Vulcan Fire Department trucks were in the parade, along with the Civil Defence company training truck from Champion and a Civil Defence float manned by C.D. workers.

C.G.I.T. girls from Lomond, Vulcan Girl Guides, Brownies and Cubs, decorated bicycles, tricycles and wagons, all added to the color of the parade. An outstanding float was that of the Lomond Lions Club with a set of young square dancers performing, complete with music and caller. The Rebekah float was also worthy of special mention. The Royal Purple had an

Elks Take Top Money At Granum Tournament

Vulcan Elks took top money at the Granum baseball tournament held June 29, blanking Granum White Sox 3-0 in a seven-inning effort and going ten innings in the final game before downing Picture Butte Indians 7-4.

Jerry Burcher, right-hander from Fresno State, proved effective against the heavy-hitting White Sox, limiting them to four scattered singles and maintaining his unbeaten record for the season. Shortstop Marty Norman was again the Elks' big gun at the plate with a two-run homer and a run-producing double. Willie Wolasko, pitching for Granum, only gave up three hits, the other being a single by catcher Dick Bugg.

Indians gained top money final by whipping Lethbridge 9-1. Granum trounced the Miners 19-2 in the losers' final.

Good baseball was seen in the final game, but the Elks notched three runs in the top of the tenth inning to wrap it up. Jack Altman pitched a six-hit game and another Californian, Wilfred Yahiro, did mound duty for the Indians, giving up 12 hits. Ben Dann was the Elks top batter with a double and a single. Don Jantzie got two singles, Mike Jantzie a home run and Wally Franks and Marty Norman each got a double. The game was tied 4-4 at the end of the ninth, but Don Jantzie's single, Pete Scott's fielder's choice, Wally Frank's double and Mike Jantzie's homer gave the Elks three runs and top money.

Election Results Now Completed

Returns from Kinnondale and Circle Hill polls, not received in time for listing in last week's election returns in Little Bow Constituency, were as follows:

Kinnondale: Dawson 4, Westersund 11, Scotney 2.

Circle Hill: Dawson 42, Westersund 18, Scotney 0.

There was an error in the results shown from the poll at Gladys. The correct results for this poll are: Dawson 43, Westersund 42, Scotney 8.

The official count of the voting in Little Bow has not yet been released by Returning Officer A. J. Miller, but the Advocate's re-checked count shows Peter Dawson, Social Credit, with 2,461; Varno Westersund, with 1,360; and Norman Scotney, Conservative, with 499.

Mr. Dawson gained a clear majority over his two opponents of 652 votes. Liberals gained 360 votes over their 1952 total of 1,000.

Peter Dawson has represented this constituency since 1935, when he was first elected as Social Credit member, and has been Speaker of the House in the Alberta Legislature since 1937. He is minister of the United Church at Carmanagay and now resides in that town.

Mr. Dawson's November 7th, 1925 and had resided in the Queenstown district since that time.

Mrs. Robertson was a very active member of the W.I. for many years and at the time of passing, was president of this organization. She was also a member of the United Church, Ladies Aid.

Surviving are her husband Allen and one son Leigh; one brother, Clifford Stone, of Tayzwell, Virginia, a sister Gladys (Mrs. R. Asselstine) of Big Fork, Montana.

The floral tributes were numerous and beautiful and showed the esteem in which Mrs. Robertson was held.

Snodgrass Funeral Home was in charge of arrangements and interment took place in the Vulcan cemetery.

Rev. John Clarke of Vulcan conducted the service which was largely attended.

Sympathy of the friends and neighbors of the community goes out to the bereaved family in the loss of a beloved wife and mother.

Pioneer Badges Presented To Early Residents of Alberta

Residents of the town and district who were living in Alberta in 1905 held the place of honor at the Jubilee celebration held on July 4. Although the outdoor ceremony planned to honor these 50-year citizens was called off on account of rain many of them gathered on the evening at the Armoures where "pioneer" ribbons to mark the occasion were presented to them by Mayor W. D. Allan. The certificates, being supplied by the province will not be available until September.

In presenting the ribbons as mementos of the occasion, Mayor Allan paid tribute to these pioneers of 50 years ago. These men and women of pluck and spirit were responsible for the development of Vulcan and district, he said. They ploughed our land, planted trees and shrubs, built modern homes and have made our part of Alberta a grand place to live in—a far cry from the bald-prairie and the old one-board shacks. Most of our progress is due to the efforts of these pioneers, said Mayor Allan, and it is a privilege and an honor to be able to salute them on this occasion.

The 50-yr. citizens who were present to receive their ribbon badges were Mr. and Mrs. Montie Findlay, John Mitchell, Walter, Stewart, Loss Kuykendall, Luke Ohlweiler, Jake Hoffmann, Spencer Lewis, Miss Nettie Ware, Miss Janet Ware, Mrs. J. W. Bateman, Mrs. T. Davis, Mr. and Mrs. J. M. Hill, Tom Webber Sr. of Milo, Mrs. L. Hammer, Mr. and Mrs. J. C. MacMillan, Mr. and Mrs. William Hill, Mrs. F. E. Atkinson, Mrs. Dora Middleton, Mr. and Mrs. Pete McIntyre, D. S. Paris, William Fleming, M. L. Clarkson, Mr. and Mrs. Sam Nafziger.

Many more citizens of the town and district are 50-year citizens but were unable to be present at this time.

Warden-MacDonald Rites at Calgary

An evening wedding was solemnized at First Baptist Church in Calgary recently, when Miss Jean Marguerite MacDonald, daughter of Mrs. Alfred MacDonald and the late Mrs. MacDonald was united in marriage with Mr. Robert John Warden, son of Mr. G. Warden, all of Calgary. Rev. Archibald Gordon performed the rites, and the bride was given in marriage by her mother.

She chose a white, floor-length gown of Swiss organdy, featuring a lace applique bodice, with garlands of lace also applied on the bouffant skirt. Her finger-length veil of Chantilly lace, was caught to a pearl and sequin trimmed lace headress. Her Colonial bouquet was of pink roses and stephanotis.

Mrs. Ken Tory and Miss Dorothy Kennedy attended the bride in similar floor-length gowns of pink and blue Swiss organdy over tulle, respectively. They carried blue and pink carnations with matching flowered headbands.

Mr. Cecil Warden was his brother's groomsmen and Mr. Robert Jones, Mr. Morton McElroy and Mr. Ralph Warden ushered the guests.

Mr. Alfred Schultz sang "Because" and "The Wedding Prayer," accompanied on the organ by Mrs. Earl Clark.

Mr. H. J. Ryan proposed the bridal toast at the reception in the Palliser Hotel.

Following a wedding trip to California and other western states, Mr. and Mrs. Warden will reside in Calgary.

Guests attending the wedding from this district were: Mr. and Mrs. Gordon Gardner, Mr. and Mrs. Cecil Warden, Mr. and Mrs. Naaman Budd and Mr. and Mrs. Lawrence Orchard.

Golden Jubilee

The Pioneer

A TRIBUTE IN VERSE . . . BY ROBERT G. MASON

(Saskatchewan Star-Phoenix)

He hung his shirt on a fencepost, and he took the lines in his hand.
With his eyes on the far horizon he started to plow the land.
And the sun beat down on his shoulders, and the oxen lazed in the heat,
But he joyed in the job he was doing, and the furrow under his feet.
He whistled a tune at sunrise as he strode from his shanty door—
And he whispered a prayer in the evening as he threw his boots on the floor,
Then he slept and he dreamed of the future as the moon rose full and clear,
And the Lord sent down His blessing on the home of the pioneer.

Where is this man I write of? For the fields are ripe today
With the wheat of a million acres that stretch to the west away,
Swaying under the noon breeze, sheening under the sun,
Standing, a golden tribute to the toll of that stalwart one,
And into the endless distance where the castles of grain arise,
The haze of the prairie harvest hangs on the autumn skies,
And the roar of a thousand combines, reaping from year to year,
Brings a comforting note of triumph to the dream of the pioneer.

Where is this man of the mouldboard? For he planted that seed of old
That has drifted across the decades 'till it covers the plains with gold.
And a modern home by the highway, on the spot where that shanty stood
Is a symbol to all who follow that the way of the west is good . . .
Yonder he stands in the sunset, watching now from the hill,
Seeing his sons and his grandsons take up the plow and till . . .
With memories blurring the vision that once was so true and clear
Of this land that had lured him and loved him and made him a pioneer.

Yonder he stands on the hilltop, watching out over the plain . . .
Seeing somehow in that sunset the trails of the bison again
Crossing and crossing the grassland to disappear in the haze
That hangs like a dusky curtain on the stage of the early days.
Feeling the exultation that coursed in his veins of old
As the first hard sod of the prairie from the point of his ploughshares
rolled,
And he knows, as he stands there watching, that the trials of yesteryear
Were really the greatest triumph, in the life of the pioneer.

Out yonder he stands in the sunset . . . but he sees as he walks alone
That the trails of those prairie bison have blazed the way of his own.
For the ruts that his homestead wagon once cut in the open plain
Have been swallowed up by the furrow, and will never be seen again.
He knows that the marks of his coming will fade as the years go by
With no more trace than this sunset will leave in the western sky
And his dreams of his teams and his binders and the stookrows earned
by his sweat,
Will disappear in the twilight, and soon we will all forget.

Will there be others like him, who will follow up on the quest
With the power to witch the wheatlands that lie in the far north-west?
Will there be men so willing to step from the trodden ways
And open the land as he did, back in the early days?
Will the thrill of the old adventure just die, as the prairie wool,
Leaving a listless legion with a cup that is overfull . . .
Oh how we are going to miss him, when we come to that day at last
When no longer we'll sit and listen to his memories of the past!

For he lived through a grand adventure that we'll few of us know again,
And his life has been carved by that ploughshare on the face of the
western plain,
And although the name may be missing, to those who can read the line
It's a story of strength and of striving; it's a tale that is true and fine.
For it tells of the wide horizons, of distances vast and blue . . .
It tells of the old homesteader, and the job that he had to do.
It tells of his trials and triumph . . . and now as the end appears
Yonder he stands in the sunset . . . the last of the Pioneers.

SERVICE BOARD NOTES
There is little doubt, but that
Sow Thistle will be appearing soon
in numerous and unexpected places.
However, where the locations are
known from former years, they
can be found and can be seriously
retarded at the present time with
a strong application of 24D, say
at a 12 oz. rate it takes a lot of
these patches to add up to an acre
and therefore it is difficult to
know at what rate it is being ap-
plied, but it is still a cheap method
of controlling this weed as well as
Canada Thistle if applied now.
When these plants come out in
blossom in July they have reached
the tougher and more resistant age
and are consequently much harder
to kill. We would strongly urge
anyone having patches of these
weeds to spray them now. One
gallon of 24D will spray over 5
acres at a rate of 12 oz. which is
heavy enough to stop their growth.
Of course, these rates can only be
applied on the weeds themselves
and could not be used on growing
crops. 3 1/2 to 4 oz. 24D to the acre
is a heavy enough rate to apply
on growing wheat or barley at
present and for oats or flax use a
24D amine or some of the other
recommended low volatile sprays.

Cutworms have done serious
damage on some flax crops in the
Vulcan district and the season is
getting rather late for reseed-
ing as the cutworms are still present.

W.I. Conference

(Continued From Front Page)

enjoyed by all. Mrs. Carl Alexander
of Cayley, District Director, gave
her address. She brought greetings
from our new Provincial President,
Mrs. Hawes of Millet, who was un-
able to be present. Mrs. Alexander
gave a brief history of her own
life and her work with Women's
Institutes. She stated Provincial
dues were one dollar per member,
district dues two dollars per branch.
Other financial obligations were
the AWI fund, travelling fund,
constituency fees, federated dues,
ACWW fees, Home and Country,
our W.I. median should be 100%.
She said financial reports should
be from December to December.
The Federated News and Federated
report books and report books of
Biennial Convention were not used
enough.

Mrs. Alexander spoke of the
1953-1956 Essay Competition, sub-
ject "How is the Organization to
which I belong Contributing to
World Peace?" The motive is the
desire of our members to bring
about international understanding
for the long and difficult road to
peace.

Our projects for the year are:
AWI fund, Travelling fund, UNES-
CO Gift Coupon Plan, Arthritis
and Cancer fund.

Mrs. Alexander urged the mem-
bers to study Ceylon and suggested
each branch to make a scrapbook.
Women's Institutes was awarded
the Dr. Henry Marshall Trophy for
having contributed most to adult
education across Canada. New
members are needed, be friendly,
but do not urge them to take office
too soon.

Miss Shirley Burgess entertained
the Conference with a humorous
selection, which was most enjoyed.
As a tribute to the Alberta Golden
Jubilee, Mrs. MacQuarrie ar-
ranged a series of Highlights of
Institutes in other years. Mrs. Ed-
ith Marshall was convener for this
interesting feature of the Confer-
ence. Mrs. Agnes MacKay stated
that in 1918 it was decided to divide
Alberta into W.I. districts, and she
was the first Constituency Con-
vener for the Little Bow Constituency.
Other conveners who reminisced
briefly were Mrs. MacQuarrie, Mrs.
Marshall, Mrs. Guy Voisey, Mrs.
A. W. Malsey, Mrs. Mae Todd, Mrs.
Annie Clements and Mrs. Joe
Hagerman were former conveners
not present at the conference.

Nominations Committee: headed
by Mrs. Brown of Good Deeds,
were: Constituency Convener, Mrs.
MacQuarrie, Barons; Handicraft
convener, Mrs. Lyon, Barons; Cit-
izenship convener, Mrs. Hegland,
Champion; Education Mrs. Martin
Gottenberg, Thigh Hill; Agricul-
ture, Miss Ware, Kirkcaldy; Home
Economics, Mrs. Brown, Good
Deeds.

A vote of thanks was extended
to the retiring officers, Mrs. Sis-
sons, Mrs. Dennison and Mrs. Shear-
er.

Mrs. Alexander spoke briefly on
Constituency dues and thought
they should be increased. It was
moved by Mrs. Roy Deal of Thigh
Hill and seconded by Mrs. Donald
MacKay of Kirkcaldy that the Con-
stituency dues be increased from
\$8.00 to \$10.00 plus district dues,
plus 25c per member. Carried.
Mrs. Hegland of Champion ex-
tended an invitation for the con-
ference to meet there in 1956, to
be assisted by Good Deeds W.I.

The courtesy report was given
by Mrs. McMasters of Good Deeds,
thanking for the use of the church,
to Mrs. Alexander for her visit,
to songleader, pianists, hostess branch-
es, secretary, judges of handicraft
and to Mrs. MacQuarrie.
Resolution committee: No res-
olutions were presented but Mrs.
Malsey spoke briefly on the resolu-
tion re: a rehabilitation centre for
polio and arthritic patients at the
Biennial Convention in Edmonton.
The same resolution was taken up
with Rev. Dawson and he stated
that much was being done in Al-
berta for such patients, and as
Alberta grows more openings will
be had. At present a new wing is
being planned to be built at Univer-
sity hospital at Edmonton.

Miss Jacqueline Donaldson, Dis-
trict Economist, assisted by Miss
MacLeod were judges of the handi-
craft. Miss Donaldson spoke briefly
urging for more handicraft display,
especially sewn articles. She gave
her standards of judging as: (1)
general appearance; (2) basic con-
struction; (3) design; (4) function
(is it worth the work).

Prizes were awarded as follows:
Quilt, Mrs. Irwin, Good Deeds; Em-
broidery, Mrs. Anderson, Barons;
Crocheting, Mrs. Irwin, Good
Deeds; Crocheted tablecloth, Mrs.
Lucas; Knitting, Mrs. French, Reid
Hill; Novelties, Mrs. Arnegard,
Barons.

Top honors went to Mrs. Irwin
and Mrs. Burns.

The conference closed with the
singing of God Save the Queen.

Neilson; Inner Guard, Vilas Teskey; Tyler, Sid Collier; Chaplain, Roy Craig; M.C., George Baldwin. The ladies of the O.E.S. served lunch.

Mr. and Mrs. Marvin A. Hopkins

A wedding of interest to a wide circle of friends was solemnized on June 17 at the Carmangay United Church. The Reverend Peter Dawson read the marriage lines for Yvonne M. Fraser, daughter of Mr. and Mrs. James Fraser, and Marvin A. Hopkins, elder son of Mr. and Mrs. Eli Hopkins of Champion.

The bride entered the church with her brother Leonard Fraser, to the wedding march played by Alex Fraser of Lomond. She wore a white lace and net over satin waltz length gown, fashioned with full skirt trimmed with rows of ruffled net. The long sleeved lace jacket featured a pearl embroidered Peter-Pan collar. Her fingertip veil was carried by a pearl tiara and she carried an arm bouquet of deep red roses.

Miss Shirley Fraser was her sister's maid-of-honor, dressed in yellow net and lace and Miss Edna Smith was bridesmaid. She wore a similar gown of turquoise blue. Each wore fabric leaf bandeaux in tne with their gowns and carried colonial nosegay bouquets.

The groom was attended by Donald Buchanan while Gary Mahoney, Jimmy Hopkins, and Donald Fraser were ushers. Mrs. Joy Lazo was soloist.

A reception was held in the church hall for fifty guests, among them being the bride's grandfather, Sandy Fraser and the groom's grandfather, Arthur Hopkins of Vancouver, both pioneers of this district.

For the occasion Mrs. James Fraser wore a navy blue ensemble with white accessories and corsage of pink carnations, while Mrs. Hopkins chose a grey-blue dress with white accessories and white carnation corsage.

A wedding dance was held following the reception.

After a wedding trip to the United States the young couple will make their home in Champion.

Of Many Things

By Ambrose Hills

BAD DAYS

We can all handle our lives pretty well when things go right. But the big trick is knowing what to do about the bad days, when everything seems wrong and the wrong looks so darn permanent.

If I had the answer to the problem, I wouldn't be writing a newspaper column. I'd probably be the Prime Minister of Canada, or safely tucked in some other lovely job. But I do have one hint.

The bad days never seem quite so bad if you haven't taken too much pride in the good ones. So while the good and cheerful days are upon you, give Providence and not yourself the credit.

This is just another way of saying that men are happiest when they place their lives in the hands of a Power higher than themselves. Not a human power — for that would be tyranny; but in a Divine Power—the same Power that spins the universe. It is only when human beings try to play God that they run headlong into lasting disaster.

This goes for governments and individuals alike.

SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

Sow and Canada Thistle are responding well to treatment with 24-D at the present time. This chemical should be effective on these weeds until about July 15th after which the plants become rather tough and the effect is not so good. We have been having good results on some roadside demonstration work with 24-D applied about 12-15 oz. rate. Sow thistle will soon be in bloom and will be hard to treat after that stage to be of much benefit unless the soil sterilants are used which are more costly to apply. We urge every one to be using 24-D on these two weeds for the next week or ten days.

Another weed to be on the look out for in the future is Green Fox-tail or Wild Millet; this is an animal plant and is not so difficult to control if only one crop is grown between fallow periods. The experimental station at Scott, Sask., reports that moderate infestations of the weed have been effectively controlled by late seeding of barley, also by harrowing the land immediately after seeding thereby killing the small seedlings. The chemical TCA has given complete control when applied at the rate of eight-twelve lbs. to the acre. Green Foxtail is an annual grass and a very prolific seed producer. It matures early and appears to be increasing in certain areas of Sask. and irrigated areas of Alberta.

We are glad to report that as yet there is not much of this weed in the County of Vulcan, to our knowledge, but we have one sample in our office that grew in the County and anyone can become acquainted with this weed by calling at this office.

Whitewash

There are many uses for whitewash on the farm, and the materials are both inexpensive and easily obtained. It is effective in brightening up dark interiors and basements, and it can also be used as a disinfectant. Colors may be obtained by adding a pigment in powdered form which is not affected by the lime. In this class are: yellow ochre, raw and burnt umber, or sienna and venetian red.

Pointers on slaking and mixing—whitewash can be prepared more easily by adding water to hydrated lime that has been well protected from the air. Slake fresh lime of good quality by adding clean water a little at a time in a clean wooden pail or barrel. When slaking is well started add more water gradually to replace that lost in the slaking process. The lime will be "scorched" if not enough water is added; on the other hand too much water will "quench" or slow up the slaking process. After the lime is

completely slaked, add enough water to make a thick paste, cover the container with boards to hold the heat and let it stand over night. It should be strained through a fine mesh screen before using or other ingredients added.

Whitewash No. 1 — (common whitewash)

1. Dissolve 15 lbs. of common salt in 7½ gallons of water.
2. Slowly add 1 sack of hydrated lime—(stirring vigorously).
3. Thin to a milk-like consistency with water.

Whitewash No. 2—(For high grade work, less likely to rub off).

1. Add 25 lbs. of hydrated lime to 4 gallons of boiling water, stirring vigorously.
2. Into 1 gallon of water and 2 gallons of skimmed milk mix the following: 5 lbs. of salt, ½ lb. of alum, 5 lbs. of cement and ¼ tin of lye.
3. Slowly mix solutions 1 and 2 together when cold, stirring vigorously.

(Note: Skimmed milk helps to prevent the whitewash from rubbing off. If it is not available water may be used instead.)

Whitewash No. 3—(For high grade work).

1. Add 1 sack of hydrated lime to 5 or 6 gallons of water.
2. Add 2 gallons of ordinary flour paste (Note: Flour paste is made as follows: Mix dry flour with a little cold water into a stiff paste or batter; add boiling water until it turns (or goes) thick. Stir vigorously while the boiling water is added).

Whitewash No. 4 — (as a disinfectant wash).

For a mild disinfectant wash add 1 quart of carbolic acid to the above whitewashes. For a strong germicidal whitewash add 2 qts. of crude carbolic acid to any of the above. Application—Best results can only be secured on good clean surfaces, free from dirt, scale or greases. Just before applying the face should be dampened so that the whitewash will dry slowly, as this will help to prevent chalking and rubbing off. Whitewash may be applied with a brush or sprayer. A good wide brush should be used, and the whitewash should not be "brushed out" but laid on in a thin even coat. If a sprayer is to be used the whitewash should be strained through two or three thicknesses of cheese cloth. In estimating quantities:—one gallon will cover approximately 225 sq. ft. of wood, 270 sq. ft. of plaster or 180 sq. ft. of brick.

Scholarships Available for Agricultural Courses

There are several scholarships available to young people who wish to attend either a School of Agriculture or take the University course.

Eight Surplus Wheat Board Monies Trust Bursaries of \$75.00 each are available to any young person, wishing to attend a School of Agriculture and Home Economics. Academic standing, participation in agricultural activities and need will be considered in selecting candidates.

The Alberta Wheat Pool has made six Henry Wise Wood Bursaries, worth \$75.00 each available to assist young people to attend a School of Agriculture and Home

Economics. Members of 4-H Clubs which are sponsored by the Alberta Wheat Pool are eligible for these awards. The bursary must be used during the year awarded.

The United Grain Growers provides three bursaries of \$75.00 each to assist any young person living on a farm to attend a School of Agriculture and Home Economics. This bursary must also be used in the year awarded.

The Canadian Legion has made three bursaries worth \$100.00 each available to the sons or daughters of veterans to attend a School of Agriculture and Home Economics. The young person must begin the course in the year the bursary is awarded.

The T. Eaton Co. Limited donate the Eaton Agricultural Scholarship. This scholarship is open to boys in all the Provinces of Canada and

provides all college fees, lodging and board for the four-year course commencing in the autumn of 1955 at any Agricultural College in Canada selected by the winner.

The candidate selected from each province is required to attend the Royal Winter Fair for consideration of his records, etc. by the final selection committee. The candidates travelling expenses to the Royal and their board and lodging while there will be paid by The T. Eaton Co. Limited.

Further particulars and application forms for these scholarships may be obtained by contacting your local district home economist or district agriculturist.

COW KILLER

I had to go to a lawyer the other day. His office was lined with books.

"My gosh," I said, "do you have to read all those?"

"Well, they are all related to the law," he informed me, sounding, I thought a bit proud and important about it.

But instead of thinking how important it made him, I started to think about the city farmer and his cow.

This fellow bought a small holding in the country and got himself a cow. One day the cow jumped through his fence and got into a

neighbor's property. He put a yoke on it, and kept it yoked. Another time it got into wet clover, and nearly burst itself. He put hobbles on it and kept it hobbled. Then it caught some sort of skin disease. The vet said to clip it and treat the skin. He did — but he kept clipping it forever after. Then one day, by mistake, it got some stink weed in its feed, and the milk was spoiled... so he quit feeding it. Then, of course, the cow stopped giving milk because it died.

Can't we learn a lesson from this?

For one reason or another, we've got all sorts of different laws on the statute books. They might have been all right in their day — for some specific purpose. But we have left them there, just like the green farmer did with his cow.

We've got restrictions, regula-

tions enactments, re-enactments, we have government forms in duplicate, triplicate, and most of the other "cates."

We are in danger of getting Canada, young as she is, tied up like European countries — or like the city farmer's cow.

Isn't it time we had a little more freedom again? Who would like to join me in a crusade to get rid of some old yokes and hobbles?

HAY AHoy!

Some farmers in the picturesque, low-lying Suffolk Broads district of England bring in the hay by water. So it was logical for a British boat builder to use lightweight aluminum to produce a 650-pound punt capable of carrying a load of hay more than six times its own weight.

In Canada aluminum is better known among farmers as a non-rusting, heat-reflecting, easily handled material for barns and roofs and silos... though of course it has many other farm uses, from milk cans to windmill blades. No hay-boats, though.

Mr. and Mrs. Johnny Moncrief and family were High River visitors over the weekend.

RID YOUR CATTLE OF FLIES LICE

The WIK Applicator

Is not a cattle oiler. It requires only one quart of insecticide per week to keep up to 75 head of cattle insect free. Official tests have been made in support of this statement.

Cattle with access to the WIK APPLICATOR keep themselves insect free as naturally as they chew their cud thereby eliminating the shrinkage suffered by the spraying method. INSECT FREE CATTLE GAIN MORE. Users of the WIK APPLICATOR claim that cattle gain up to 50 pounds more per season.

PAYS FOR ITSELF TEN TIMES EACH YEAR:

The Wik is made of a coil spring wrapped with alternate layers of cotton felt and burlap and covered with heavy canvas. This assembly is placed in the patented applicator with a reservoir at the lower end which utilizes every drop of insecticide and causes the insecticide to feed upward into the wick as oil does in an oil lamp.

This is it—the love affair of the CENTURY—the SPECIAL—the ROADMASTER—and the SUPER.

It all began last Fall, when '55 Buick made its bow to society. One look at the "years ahead" styling and stunning colors—and eyes met—hearts soared—thousands of Canadians said "Yes!"

Then came a whispered promise of great things from Buick's truly magnificent 188 hp or 236 hp V8 Engines.

Finally—out on a quiet highway—the moment came for the thrill of them all—the whip-quick go and gas savings of Variable Pitch Dynaflo® automatic transmission.

In a situation like this, who could resist? (To judge by sales, hardly anybody can.) So please—for your own sake—see your Buick dealer—very soon.

Spraying Cattle for Fly Protection
To date DDT still remains the most effective spray or providing cattle protection against horn flies. Spraying may remain effective from 2 weeks to over 4 weeks duration, depending on how the spray is applied, and weather conditions prevailing.

As a result of tests made by the Experimental Farms in co-operation with the Division of Entomology the following spray mix-

ture was found to be effective; mix one pound of 50 per cent DDT water-dispersible powder in 2½ to 5 gallons of water. This will make a spray having a concentration of from one to two per cent, which has proved satisfactory for the control of flies or cattle.

Some manufacturers have recommended used crankcase oil as a carrier for the DDT. It should be borne in mind that motor oils are harmless when applied to an animal in small amounts, but in amounts of 4 ounces or over per animal may cause reactions such as blistering, slobbering, difficult breathing, loss of appetite, depression and death. Therefore it would appear that used crankcase oil is rather dangerous to use on cattle. If the used oil happens to be diluted with gasoline it can cause severe burning. Besides these factors crankcase oil usually contains many other chemicals, known as additives, some of these such as the chlorinated phenols are dangerous poisons.

An automatic treating machine has been made by wrapping burlap around several twisted strands of barbed wire, and hanging this between posts placed about a rod or a rod and a half apart. The wrapped wire should be allowed to sag with a foot of the ground. The burlap is then soaked with a bland oil which carries the insecticide. This arrangement has been used in South Dakota and is reported to be effective.

WARNING ISSUED RE ABANDONED OLD ICE BOXES
Old abandoned ice boxes are veritable "death traps" which still are taking a toll of children whose average age is five years, according to a warning issued by the Alberta Safety Council.

From May to September is the critical time of year. During this period, children have leisure time for outdoor play and discarded airtight cabinets with locks or hinges intact provide enticing hiding places.

In Alberta, there are many abandoned ice boxes. They are becoming more numerous each year as purchase of new refrigerators are on a steady increase.

Discarded refrigerators can be made harmless in several ways. The first and best, of course, is to remove the door. Another way is to remove the latch stop, so that the door cannot lock. Another solution is to drill holes in the cabinet and remove the gasket or destroy the box altogether.

ALBERTA'S Golden Jubilee

"1955" is Alberta's Golden Anniversary Year. It was in 1905 that this territory joined Canada as a province. Now Alberta is recognized as a region with as bright a future as any of the provinces which go to make up the Dominion of Canada.

Agriculture has made the greatest contribution to the economic advancement of Alberta, and the Alberta Wheat Pool pays its tribute herewith to the men and women engaged in that great industry.

Within the space of a single generation the enterprising and energetic farm people of Alberta have created a record of diversified production of quality food products which is unsurpassed by any other province.

The wealth produced by Alberta

farmers has permeated the economy of the province to a greater extent than all other sources of wealth combined. It sustains the villages, towns and cities and provides the basis for employment for most Alberta people.

Agriculture provides the most freight for the railways and other forms of transportation, the main source of raw materials for Alberta manufacturers, and a constant inward stream of wealth from the substantial annual exports of food to other parts of Canada and other nations.

While Alberta people celebrate the province's Golden Anniversary they should keep in mind the immense contribution made by the people on Alberta's farms to the prosperity and progress of this growing province.

Baseball Elks Extend Leadership in League

Vulcan Elks continued their winning ways in the Foothills-Wheatbelt League this past week as they trounced Lethbridge Miners 14-6 on June 22 and took two close ones from Picture Butte on Sunday.

Greg Seastrom made his first appearance on the mound for the Elks. He struck out eight and, although he walked five and gave up ten hits, he was never in serious trouble and got lots of support from his team-mates. Marty Norman was the big gun at the plate for the Elks, blasting out a three-run homer plus two doubles and two singles for a perfect game. Ken Jesse, promising juvenile product, got a lead-off homer in the second inning and a double.

In the Sunday double-header, Picture Butte Indians played their best ball of the season but still dropped both games by one-run margins.

Indians had the opener apparently won, leading 4-3 in the last half of the ninth with two out. But their left-felder dropped an easy fly ball and Marty Norman, who had previously singled, raced home from third to tie up the game. Indians failed to score in their half of the tenth and when their third baseman booted a ground ball, Wally Franks, who had got on with a single, came home with the Elks winning run. Altman pitched a good game for the Elks, scattering nine Indian hits, allowing only one walk and striking out ten. Norman was again the big gun at the plate, with a triple and a two-run homer.

In the second game, Bugg knocked a three-run homer in the first inning to get Elks off to a good start. The Indians got five runs in the second inning, but Orrie Gordichuk's four-bagger in the fourth and Benny Dann's two-run circuit clout in the fifth again put them in the lead. Elks almost threw the game in the eighth when two errors and two walks allowed Indians to tie it up, but a lead-off two-bagger by Altman in the bottom of the ninth followed by a single by Bugg, sending Altman home, won the game.

Gordichuk pitched the first six innings for the Elks, with Burcher then coming in to get credit for his fifth win of the season. Bugg was Vulcan's leading batter, getting a homer, a double and two singles in five attempts.

WEEDS OF THE PRAIRIES "AN ILLUSTRATED GUIDE"

This Department is privileged and pleased to announce the publication of a new revised edition of its weed bulletin, entitled, "An Illustrated Guide to Prairie Weeds". Although this bulletin has already been distributed to 80,000 farmers, rural school teachers and pupils, agricultural students, 4-H Club members and others, there is still a widespread demand, particularly from the young farm people of Western Canada, for adequate and reliable information on the common weeds of the prairies. It is in response to this important and continuous demand that a Third Edition of the weed bulletin is being published at this time.

The first step in any effective weed control program is the correct identification of the weed or weeds to be controlled. Thus the main purpose of the weed bulletin is to make available to western farmers information that will help them to identify the weeds they are most likely to find on their own farms. More than 60 common prairie weeds, and their seeds, are illustrated and described, and brief mention is made of many others. In describing the weeds, the use of technical terms has been avoided wherever possible. We feel that the great popularity of this weed bulletin lies in the fact that it is well illustrated, and written in non-technical language. The revised Third Edition is published with the hope that it will assist farmers, and young farm people particularly, not only in identifying weeds but in learning more about their habits of growth, methods of reproduction, and the best methods of combating them.

Copies of "An Illustrated Guide to Prairie Weeds" are available to farmers, free of charge. They may be obtained from local grain buyers if any of the elevator companies listed above, or by writing to Line-Elevators Farm Service, Winnipeg or Calgary.

BANKERS ADVISE

ADVERTISING

Merchants who do not advertise are invited to read the following from the American Bankers Magazine, as it might give them a new slant on business, your own business, as well as the matter of building up your town.

"No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a 2-line space. A stranger picking up a newspaper should be able to tell what business is represented in a town by looking at the paper. This is the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The man who insists on sharing the business that comes to town, but refuses to advertise his own is not a valuable addition to any town. The life of a town depends on the live, wide-awake and liberal advertising business men."

excellent float and the Lionettes entered a decorated car. The two young sons of Mr. and Mrs. Reinhold Lundgren and their home-manufactured vehicle were a big hit. Many of the business establishments entered beautifully decorated cars.

In the commercial section Clarence Johnk's 1917 Case tractor and a 1918 Dodge car, both followed by 1955 models, were entered by Richardson & Gould Ltd. and attracted much comment, as did the 1924 John Deere tractor in the Jesse & Emelson section. Other machinery dealers showed the newest in farm equipment.

Prizes for parade entries were awarded as follows:

Best Float, 1st, Lomond Lions Club, 2nd, Royal Purple Lodge; Best Team, Tom Lucas; Best Saddle Horse, Jack Deans; Best Child's cycle, 1st, Brownies Team, 2nd, Ross Lyman; Best Decorated Bicycle, 1st, Brownies Team, 2nd, Blue Dress Frills (Richardson sisters); Best Novelty Entry, Lundgren brothers.

Following the parade, Little League and juvenile baseball games were played until it rained about 4 p.m.

In Little League ball, Champion beat Vulcan 13-7. Batteries—Vulcan Houlton and Schneider to Deal; Champion, Ohlheimer to Bjornson. In the second game, Carmangay beat Brant 12-10. Batteries—Carmangay, Housenga to Plourd and Smith; Brant, Mote, Jensen and W.

Shultz to J. Shultz:

The juvenile game between Lomond and Vulcan was rained out in the fourth inning with the score tied at 6-6. Batteries—Lomond, D. Huff to M. Huff; Vulcan, R. Dann to B. Middleton.

The senior game scheduled was not played due to rain.

The day ended with a dance at night in the Armouries, with music by Alex Fraser's orchestra.

LETTER TO THE EDITOR

June 22, 1955

Editor, The Advocate

Dear Sir:

At a convention of Sub-district 12, F.U.A., held at Milo on Monday, June 13, 1955, the following resolution was passed and I was instructed to forward a copy to you.

Moved by Leslie Shaw (Vulcan Local).

Seconded by Bertha Richardson (Berrywater Local):

"That a resolution of thanks be sent to the Editor of the Vulcan Advocate for the very effective way the paper has covered the Farmers Union of Alberta activities in this sub-district this past year." (Carried unanimously).

Yours sincerely,

P. J. Haslam,

Secretary of the Convention.
